Dear Competitors, WFCC Delegates and Guests,

On behalf of the organizers and the Polish Chess Federation I would like to welcome you to the 58th World Congress of Chess Composition and 39th World Chess Solving Championship. It is a great honor for us to host such a prominent event.

Best solvers and composers all over the world are arriving to Ostroda, where a tight competition at the WCSC for individual and team trophies is expected.

Poland was the organizer of the European Chess Solving Championship three times in 2005, 2006 and 2011 already and we believe our big experience is trustworthy.

Polish Chess Federation highly respects its solvers' achievements and strongly supports the golden team, since this is unique phenomenon in our activity. Our solvers have given us plenty of reasons for the pride for many years.

We will make every effort to leave you with good memories from the event. We wish all competitors good luck and may the best win.

See you on another great chess event held in Poland!

Tomasz Delega

President of the Polish Chess Federation
